

# PROFOTO EDU PURCHASE REQUEST

**Thank you for your interest in Profoto lighting products. As you know, we offer these special prices only to students and educators currently enrolled in a full time college level degree program in the United States.**

To qualify for these prices, we ask that you provide one of the following documents along with this completed purchase request form:

- Copy of your current Student/Faculty ID
- Copy of your current class schedule

Educational institutions may provide a school Purchase order as qualification

Since participation in this program is a privilege, not a right, we reserve the ability to refuse an order for any reason, or request additional enrollment information/verification. No order will be accepted without the three documents requested above, even if this information was already provided with a previous order.

Please note that this equipment will be shipped pre-registered to the student making the purchase and cannot be resold for 24 months.

## **PURCHASING UNDER THE PROFOTO EDU PROGRAM**

Go to any authorized Profoto dealer (a complete list is available on our web site at [Profoto.com/US](http://Profoto.com/US).) Select the equipment you need and present the dealer with the 1 documents shown above along with this purchase request form. Upon receipt from the dealer, we will approve, process and ship your order within 3 business days in most cases, pending product availability. Then all you need to do is pick up at the dealer a few days later.

If there are no local Profoto Dealers in your area, you can also order by faxing the documents to 973-629-1137 or by emailing them to [us-orders@profoto.com](mailto:us-orders@profoto.com).
